

ConversionHelperBase

```
classDiagram
    class ConversionHelperBase {
    }
    class ConversionHelperDerived {
    }
    ConversionHelperDerived --|> ConversionHelperBase
```

The diagram illustrates a class hierarchy. At the top is the 'ConversionHelperBase' class, represented by a gray-shaded box with three horizontal compartments. The top compartment contains the class name. Below it are two empty compartments. At the bottom is the 'ConversionHelperDerived' class, represented by a white box with three horizontal compartments. The top compartment contains the class name. Below it are two empty compartments. A blue arrow with an open triangular head points from the top of the 'ConversionHelperDerived' box to the bottom of the 'ConversionHelperBase' box, indicating that 'ConversionHelperDerived' inherits from 'ConversionHelperBase'.

ConversionHelperDerived
